Saturday 26th of May, I went to EBZR Zoersel airport to witness the maiden flight of the OO-156 of Jef Vervoort.

Late in the evening at 20:30, this beauty spread it's wings for the first time for a 20 minute circling flight around the airport.

The RV-9A of Jef Vervoort is the first in it's kind flying in Belgium.

Proficiat Jef !

Instead of 'Keep building', we will now say 'Keep flying !'

First take off.

And off course the inevitable "RV-Grin" picture.
